HELPING OTHERS WITH DEEPER ISSUES

WHO

This event is for those who, as part of a team in their church, want to help people resolve deeper issues.

It is ideal for whole teams to attend and will equip you with a practical and realistic methodology that you can start to use straightaway. It will also free you from the sense that you are responsible for the outcome in someone else's life.

Participants should have covered the basic Freedom In Christ discipleship teaching and, ideally, have been on our *Helping Others Find Freedom In Christ* one-day event or the corresponding DVD.

WHAT

*The Spirit of the Sovereign Lord is on me,
because the Lord has anointed me
to proclaim good news to the poor.
He has sent me to bind up the brokenhearted,
to proclaim freedom for the captives
and release from darkness for the prisoners.*
(Isaiah 61:1 NIV)

We are the literal body of Christ, the flesh and blood through whom Jesus works. His anointing is our anointing. That's why we don't have to settle for simply helping people *live with* issues from the past but in Christ can help them *resolve* them.

Discover why every Christian - no matter how badly "messed up" - can find their freedom and become a fruitful disciple as you encourage them to understand their new identity in Christ, to resolve their personal and spiritual conflicts and to be transformed through the renewal of their minds.

Our aim is to equip you to go back to your church with the confidence to sit alongside a hurting person and see them blossom.

TOPICS COVERED INCLUDE:

Why Christians with deeper issues need to know what they already have.

Equipping them to win the spiritual battle and stand firm.

Understanding who is responsible for what.

Helping those with deeper issues assume responsibility.

Why every Christian (no matter how "messed up") can become a fruitful disciple.

Using The Steps To Freedom In Christ to resolve personal and spiritual conflicts.

Setting up a church team and tools to work with a deeply wounded person.

Understanding specific issues such as abuse, dissociative disorders and addictions.
